### COVID-19 MEASURES

For your safety and the safety of our staff, we will be following the latest government guidelines:

- **Staggered arrivals** (and departures) – 15 min slots commencing at 6.30pm – to avoid congestion in the entrance hall
- Tables are restricted to **max 6 per table (or two households)**. However, if you are planning a future celebration, please do get in touch and we can discuss the latest guidelines.
- It is a legal requirement for guests to **wear a face covering** in and around the premises except when seated at a table to eat or drink.
- Guests will be shown **straight to the table**, the lounges are out of use, although you may have a drink in the garden before dinner (weather permitting and subject to availability).
- Tables are **socially-distanced (2m apart)** in both the main dining room and the garden room – reducing our maximum capacity to 15 in the main dining room and 8 in the garden room
- **Hand sanitiser** is available for guests on arrival at Reception; at the entrance to the Dining Room; and outside the toilets.
- **Staff will wear masks** whilst taking orders and serving food and drinks (they have smiley eyes) 😊
- Staff will wash and dry their hands between serving/clearing different tables
- If any of the guests in your party are at all unwell **prior to setting out** please telephone us to cancel and rearrange the booking.
